International Association of Chief's of Police

Law Enforcement Information Management Conference

Two CapWIN staff members recently attended the 2011 IACP LEIM Conference in San Diego. The conference was held on June 13th - 15th. The conference provided an opportunity to meet and network with law enforcement professionals from throughout the country. Multiple breakout seminars focused on a variety of topics. Members attended sessions centering on Information Sharing, Use of Social Media, Unified CAD Specifications, Mobile Computing, Next Generation Police Vehicles, License Plate Readers, and Identity Management. All of these key topics have correlations to current and on-going CapWIN development initiatives. If your agency is interested in the latest information technology topics we would encourage you to attend the 2012 LEIM conference, which will be held in Indianapolis during May of 2012.

Skill Sets

Imagine yourself on the side of a road watching fluid leak out of a commercial vehicle or having to communicate with a distraught mother who only speaks Korean and has lost her child. The CapWIN v2 Mobile Client possesses a unique feature that no other known application provides to its users. That feature is the ability to search for users with specific training and skill sets, not only from within your agency, but also across agencies. There are currently 65 available skill sets. A quick search of the CapWIN v2 Directory provides a listing of users with expertise in multiple areas, along with ways of contacting those users. In order to provide the maximum return for this feature, it is incumbent upon you the user to keep your skill sets up to date. If you possess a specialty skill or have training in an unique area please have your Agency Administrator add those skills to your User Profile. If there is a skill that you do not see listed and would like to have added, send a short e-mail to alee@capwin.org and we will evaluate for possible future use.

Sample Skills Sets

Accident Reconstruction Investigator	Bomb Technician	Cargo Tank Certification
Advanced Collision Investigator	Breathalyzer Op - Intoxilyzer	CJIS Instructor – MILES
AED Automatic External Defibrillator	Breathalyzer Op - Intoximeter	CJIS Instructor – VCIN
Automotive Window Film Specialist	Breathalyzer Op - Other	CJIS Instructor – WALES

FY '12 Invoicing

As we approach the beginning of a new fiscal year, CapWIN staff are preparing invoices, which will be mailed to subscribing agencies in the near future. As you may be aware, agency subscription costs are based upon the number of devices running the CapWIN Mobile Client. The fees are not based upon the number of user accounts. This results in cost savings for those agencies with limited budgets where users share resources and equipment. In order to ensure accurate billing it is critical that CapWIN be aware of any devices you have added or in many cases removed from your inventory. To get ahead of the curve start inventorying all of your laptops and desktops running CapWIN at this time and you may end up saving money. E-mails will be sent to all Agency Points of Contact and Administrators over the next few weeks with further details.

MILES Sunsets

Maryland law enforcement agencies have been advised by the Maryland State Police (MSP) that the older Maryland Inter-Agency Law Enforcement System (MILES) will be turned off effective July 1, 2011. The newer Maryland Electronic Telecommunications Enforcement Resource System (METERS) is now operational. All Maryland law enforcement agencies utilizing CapWIN have previously been transitioned.

Upcoming Training

CapWIN offers training every month. Scheduled dates are listed and updated on the event calendar contained on the CapWIN website. The CapWIN V2 Mobile Client course is designed for all users of the CapWIN System, both sworn and non-sworn. This is the main course recommended for all CapWIN Users. This hands-on course will present students the general knowledge and skills needed to actively use the CapWIN System and its complete functionality.

Upcoming Training Dates

July 2011
Tuesday, July 12th
Wednesday, July 20th

August 2011
Tuesday, August 9th
Wednesday, August 24th
